EXTRACURRICULAR EXPERIENCE

Emergency Medical Technician, Wake Forest EMS, Winston-Salem, NC **11/2022 – 03/2025**

- Certified NREMT volunteer providing on-call patient care (e.g., vitals, patient history, and acute care)
- Built strong rapport with patients to address both physical and emotional needs
- Participated in team debriefs to improve response strategies

Co-President, Campus Kitchen, Wake Forest University, Winston-Salem, NC **09/2021 – 06/2025**

- Manage 200 volunteers and 15+ partnerships with local food shelters to combat food insecurity
- Oversaw distribution of 15,000+ lbs of food annually to shelters and clinics in need
- Progressed from volunteer to leadership roles, focusing on service impact and sustainability

Wake Forest Clinical Internship/Shadowing Program, Wake Forest University, Winston-Salem, NC **01/2024 – 05/2024**

- Applied and accepted to program; shadowed Dr. Sharon Babcock (Orthopaedic Surgeon); observed operating room procedures: Hip nail and screw fixation following a fall and a double plate and screw procedure for ankle injury post-car accident
- Shadowed Dr. Mohan Torabi (Radiologist); gained insights into reading and interpreting CT scans, MRIs, and imaging techniques

Senator on Diversity and Inclusion Committee, Wake Forest Student Government Organization **09/2022 – 05/2023**

- Developed the Menstrual Access Project to provide free hygiene products on campus
- Promoted cultural awareness by organizing heritage month events and discussions

Volunteer in Emergency Department and Admissions Unit, Markham Stouffville Hospital, Toronto, ON **06/2020 – 08/2024**

- Supported emergency staff by assisting in patient triage, registration, and vital checks
- Improved patient experiences through empathetic communication in a high-paced environment

Physician Shadowing/Clinical Observerships **06/2020 – 07/2025**

- Dr. Eric Roselli, Cardiac Surgeon, Cleveland Clinic Main Campus, Cleveland, OH. 30 Hours, 07/2025 – 09/2025
- Dr. Sharon Babcock, Orthopedics and Chief of Surgery, High Point Medical Center. 15 Hours, 01/2024
- Dr. Mariam Ragheb, Emergency Medicine, Markham Stouffville Hospital (Toronto, Canada). 18 Hours, 07/2023
- Dr. Subodh Verma, Cardiac Surgeon-Scientist, St. Michael's Hospital, Prof at Univ. of Toronto (Toronto, Canada) 10 Hours, 08/2022
- Dr. Mukesh Patel, Gastroenterologist, Danville Gastroenterology Center (Danville, Virginia). 20 Hours, 11/2022

- Dr. Sireen Gopal, Neuromuscular Medicine, President of New York Spine & Sports Rehabilitation Medicine PC (New York, New York). 20 Hours, 06/2020

Club Sports (Wake Forest) and Varsity Athlete (Western), Wake Forest Club Sports, Winston-Salem, NC **09/2020 – 06/2025**

- Played defensive pole on the Men's Varsity Lacrosse Team at the University of Western Ontario; practiced 3x per week with mandatory weightlifting sessions 2x per week
- Continued athletic career at Wake Forest University as a starter on the club lacrosse and basketball teams.
- Attend 2 weekly practices per team and lead skill drills by example
- Foster healthy competition and team spirit; compete against North Carolina colleges

RESEARCH AND PUBLICATION EXPERIENCE

Scientific Publications, Dr. Subodh Verma, Cardiac Surgeon-Scientist and Research Coordinator, Toronto, ON **06/2023**

- Kim Connelly, C David Mazer, et al., Pasricha, A. Empagliflozin and Left Ventricular Remodeling in People Without Diabetes: Primary Results of the EMPA-HEART 2 CardioLink-7 RCT. (Published in Circulation, 16th author)
- Pankaj Puar, A.S., M.H., Pasricha, A., et al. The association between anthropometric indicators of obesity and cardiac reverse remodeling with empagliflozin in patients with T2 diabetes and CAD. (Published in Diabetes, Obesity and Metabolism, 4th author)
- S Wong, A.Y., N.F., O.F., Pasricha A, et al. Beyond Psilocybin: Reviewing the Therapeutic Potential of Other Serotonergic Psychedelics in Mental and Substance Use Disorders. (Published in J Psychoactive Drugs, 5th author)

Research Student, Cleveland Clinic, Heart, Vascular & Thoracic Institute, Cleveland, OH **07-2025 – Present**

• Lead both prospective and retrospective studies on aortic disease and perioperative surgical outcomes.
• Perform tissue biomechanical and histological analyses, epiaortic ultrasound imaging, and exercise MRI testing as part of multiple study protocols.

Research Student, Center for Addiction and Mental Health, Toronto, ON **06/2022 – 08/2023**

- Conducted a scoping review on the therapeutic use of psychedelics for mental health.
- Drafted protocols, designed inclusion and exclusion criteria, and analyzed research findings.

Research Student, St. Michael's Hospital, Toronto, ON **06/2022 – 08/2023**

- Contributed to Dr. Subodh Verma's team on clinical trials on empagliflozin's cardiovascular benefits
- Roles included patient visits, data management, and literature reviews requiring proficiency in REDCap and Excel

Research Student, Wake Forest Department Health and Exercise Science, Winston-Salem, NC **01/2024 – 04/2025**

- Engaged participants in resistance training in patients with hip osteopenia for improved bone-density health
- Monitored vitals, tracked progress, and prepared study findings for presentation to the Principal Investigator

OTHER EXPERIENCE

Solo Guitarist/Performer **04/2020 – Present**

During the pandemic, I taught myself using YouTube tutorials of my favorite Zach Bryan and Tyler Childers songs. Now, I perform regularly at open-mics and small performances including while studying abroad recently in Copenhagen, performing at a Blue's Bar, where I united my exchange friends and local Danish residents through song.

Triathlon Athlete, Ironman 70.3 Muskoka, Muskoka, ON **05/2023 – 07/2023**

I successfully finished a Half Ironman consisting of a 1.2 mile swim, 55 mile bike and 13.1 mile run. Training included 6 days per week focusing on swimming technique, biking stamina and mental fortitude to outweigh challenges. I am currently training for a Full Ironman (140.6) in Wisconsin for September 2026.
